

Cantho University Software Center (CUSC) – the only software center in Mekong Delta, has been certified as an Emerging IT Outsourcing Enterprise in Vietnam ITO Award 2015, and Vietnam’s 40 Leading IT Companies 2015. These achievements proceeded from CUSC’s outstanding results during 15-year operation. They are Sao Khue Awards 4 star for software products and IT training service: Hospital Information System (2007); Mekong Life Portal (2008); University Integrated Information System (2009); CGate (2013) and IT Training Service (2014), Applying IT in Teaching Methods Innovation and Information Security (2015), Socio-Economic Development Planning System (2015).

Established in March 2001, CUSC has 100 employees now. With a slogan “Quality First”, we provides software products, IT outsourcing service, IT solution consulting and IT training service. CUSC domestic market is covering over haft of Vietnam by deploying software products for university, government, and hospital. Moreover, CUSC provide IT outsourcing service since 2006 for Japanese market, we has an Outsourcing Development Center and onsite staffs in Japan.

CUSC works on wide range of technologies, and strong on C#.Net, PHP, Java, MS SQL, MySQL, PostgreSQL, DotNetNuke, Zend Framework, Liferay, Windows, Linux, Mac/iOS, and Android. We also work with SMAC by iOS, Android, wearable development, Big Data, Cloud deployment.

As a reflection of strong determination in providing high quality software products, IT training and consulting services, CUSC has taken Quality standard certificate of ISO 9001:2008.

CUSC is continuously progressing as the prestigious and professionalism organization in IT training, software development, outsourcing and IT solution consulting in many different fields.

CUSC prides on its success and reputation in expanding IT training services and software products, tightening collaborations between CUSC and its close partners in domestic and oversea. Moreover, the workforce of more than 100 staffs always works with the spirit of "Confidence, Passion and Responsibility". This is a source of power that has enabled us to produce new value and attractiveness.
