

QSoft Vietnam- Introduction

Founded in 2005, QSoft Vietnam quickly defines its stand as one of the leading Software Development and Website Design Company in Vietnam. Our experience, expertise, best-equipped facility, professional management and commitment have been bringing our customers utmost satisfaction and in return rewarded us with rapid and sustainable growths over the past 10 years. We are proudly recommended as a leading IT company in Vietnam by trustworthy organizations such as Gartner, Tholons continuously from 2008 to 2015 and recently VNITO in 2015.

Our proud achievement and recognition come from following instructions:

Our vision:

To become an I.T company that delivers the highest, long-term value to our customers, partners, employees and shareholders.

Our mission:

To provide world-wide Business with high ROE, user-friendly, stability, security and affordable cost IT solutions through completion service of consultancy, design and development.

To help people to use professional IT services at minimum fee by providing cloud-based SAAS solutions.

To support community by contributing and developing open source software.

To build up a workplace as a second home for everyone.

Core Values

We strongly believe in our five core values, which define how each of QSoft performs in our projects.

Value-driven: At QSoft, only completed work is valued and accepted. We “put ourselves in customer’s shoes” to bring about the best value via dedication to details.

Accountability: Instead of traditional way as task assigning, we encourage our employees to actively pull the tasks that suit them the best and take their responsibility to successfully complete the task.

Team-work: We recognize that we are stronger and more effective as a team than as individuals. With our special organization structure, all our goals and results depend on all team member performance. We win and lose as team, so all team members not only share objectives, responsibility but also help each other to achieve the mutual target.

Improvement: To keep our team up-to-date with the changing-always technology, we

accumulate our knowledge library continuously with all the best practices. 30 minutes of training is set on daily basis to upgrade our knowledge. The lesson is later on applied to client's projects for the best solution.

Caring & Sharing: We build up QSoft as a mutual home where we not only share our work life but also support each other with personal improvement and daily life. We have Yoga class every day at lunch time, weekly football match every Thursday evening and 'Happy Hour' party every Friday afternoon.

The Unique Corporate Organization:

Agile/Scrum is fully applied to all departments of the company, not only to Development Teams but also to Back Office and Sales & Marketing department. Therefore, the whole company operates in the same workflow to keep the information transparent, enhance team collaboration and improve productivity.

Our main products:

Website Design Consulting, Website Development

Web-based Application Development

High-end web design

Enterprise Management Software Consultancy & Solutions

Mobile Application Development

Offshore Software Outsourcing Development

The reasons why QSoft stands out:

QSoft's differentiation can be seen in the Vision, product ecosystem, human resources, workplace environment, distinguished culture, unique collaboration process and strong recommendation by Customers and recognized Business Intelligence firms such as Tholons or Gartner, etc.

1. QSoft focuses on competency building and specialization so as to boost up productivity rather than just scaling up in size.

2. QSoft is among the leading Website Development companies in Vietnam by utilizing the latest technologies. We have developed a homemade website builder framework that caters for all demands in website, web-application, workflow development, thereby enhancing the consistency, stability, reusability for secured and quality products with competitive pricing and shortest time-to-market.

3. QSoft puts Human Resources at the center of all our development strategies.
4. Modern and fully digitalized workspace that is green, clean and environment-friendly.
5. QSoft is continuously placed in Top Market Leaders in Software Outsourcing development in Vietnam as well as Southeast Asia by recognized international organizations in ITO field such as: Tholons, Gartner, Clutch, Theseus, Switzerland Global Enterprise, etc.
